Another proud moment for  
Progesterone Pessaries

# ... a PBS Listing

## Orion Progesterone Pessaries now PBS

Effective June 1st 2007 Orion Progesterone Pessaries will be available as a PBS item for use in assisted reproduction techniques. The product is listed as a Section 100 item under the IVF/GIFT Program as follows:

Luteal phase support in patients who are receiving medical treatment as described in item 13200 of the Medicare Benefits Schedule. The luteal phase is defined as the time span from embryo transfer until transplanted confirmation by positive B-hCG measurement.

*Note:* Arrangements to prescribe this item should be made by medical practitioners with Medicare Australia, contact telephone number 1800 700 270.

## Delivering a bundle of cost savings

Your patients will not have to pay for the cost of Progesterone Pessaries when used for the PBS indication:

Orion Progesterone Pessary 100mg	\$2.90 per pessary
Orion Progesterone Pessary 200mg	\$3.20 per pessary

### And convenient packaging too

The tamper proof pack contains individually foil wrapped pessaries and has a simple to understand consumer medical information attached to the label.
