

Hand wash

ENDURE 102

Non-Medicated High Frequency Hand Wash

Hand hygiene is an integral part of any infection control program and should be accessible in all areas for all health care workers, patients and visitors.

When not dealing with a known infection the use of non medicated skin washes is encouraged.

Endure 102 is an ultra mild formulation that is suitable for high frequency hand washing and patient bathing applications.

Endure 102 is packaged in two formats. The bottle format is portable and convenient, while the hermetically sealed bag provides a tamper proof solution.

ENDURE 102

Non-Medicated High Frequency Hand Wash

DESCRIPTION

Endure 102 provides gentle cleansing for frequently washed skin. **Endure 102**'s mild formulation is gentle enough for high frequency, repeated use and for sensitive skin. **Endure 102** is latex and soap free.

PRESENTATION

Attractive Appearance, Pleasant Fragrance

White, pearlescent appearance, free rinsing and light fresh fragrance makes **Endure 102** an excellent choice for patient rooms and hand washing stations.

Specially Formulated for frequently washed hands

Endure 102 is designed specifically for use as a between patient hand wash. It is low on fragrance, to minimise irritation. **Endure 102** is pH 5.5 balanced and contains aloe vera and emollients to protect skin from drying, chapping, redness and other irritation.

Two options for dispensing

Endure 102 is available in two dispensing options; a sealed pouch and a 500mL pump pack bottle. The sealed pouch refill system saves time and eliminates waste and spillage. When product is low, simply insert a new refill cartridge. The 500mL bottles are a convenient and portable way keep hands clean. The attractive and functional dispensers complement any hand washing location.

DIRECTIONS FOR USE

1. Wet skin with warm water.
2. Apply **Endure 102** and lather.
3. Rinse skin with warm water.
4. Dry hands on clean paper towels or with a mechanical dryer.
5. Moisturise as necessary.
