

ENDURE 120

1. Identification of the material and supplier

Names

Product name : ENDURE 120
ADG : -
Supplier : ECOLAB PTY LTD (A.B.N. 59 000 449 990)
6 Hudson Ave, Castle Hill NSW 2154
Customer Service phone: 1 800 022 002
Free Fax Number: 1 800 655 679
Emergency telephone number : 1 800 124 170

Uses

Material uses : Skin Cleaner
Date of issue : 12-June-2007

2. Hazards identification

Statement of hazardous/dangerous nature : Not classified as hazardous according to the criteria of NOHSC nor classified as dangerous goods according to the ADG Code.

3. Composition/information on ingredients

Ingredients, determined not to be hazardous according to NOHSC criteria, and not dangerous according to the ADG Code, make up the product concentration to 100%.

4. First-aid measures

Eye contact : Rinse with plenty of running water. Get medical attention if symptoms occur.
Skin Contact : First aid is not normally needed. Obtain medical attention if symptoms occur.
Inhalation : First aid is not normally needed. Obtain medical attention if symptoms occur.
Ingestion : Do not induce vomiting. Rinse mouth; then drink one or two large glasses of water. Contact a doctor or a Poisons Information Centre (Phone: 13 11 26).
Notes to physician : No specific treatment. Treat symptomatically.

5. Fire-fighting measures

Extinguishing media : Use an extinguishing agent suitable for the surrounding fire.
Fire/explosion hazards : No specific hazard.
Special protective equipment for fire-fighters : Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode.
Hazardous Decomposition Products : Decomposition products may include the following materials: carbon oxides (CO, CO₂).

6 . Accidental release measures

- Personal Precautions** : Immediately contact emergency personnel. Keep unnecessary personnel away. Use suitable protective equipment.
- Environmental precautions** : Avoid dispersal of spilt material and runoff and contact with soil, waterways, drains and sewers. Inform the relevant authorities if the product has caused environmental pollution (sewers, waterways, soil or air).
- Methods for cleaning up** : Stop leak if without risk. Move containers from spill area. Approach the release from upwind. Prevent entry into sewers, water courses, basements or confined areas. Wash spillages into an effluent treatment plant or proceed as follows. Contain and collect spillage with non-combustible, absorbent material e.g. sand, earth, vermiculite or diatomaceous earth and place in container for disposal according to local regulations (see section 13). Dispose of via a licensed waste disposal contractor. Contaminated absorbent material may pose the same hazard as the spilt product. Note: see section 1 for emergency contact information and section 13 for waste disposal.

Note: see section 8 for personal protective equipment and section 13 for waste disposal.

7 . Handling and storage

- Handling** : Avoid contact with eyes.
- Storage** : Keep container tightly closed. Keep container in a cool, well-ventilated area.

8 . Exposure controls/personal protection

- Occupational exposure limits** : **No exposure standard allocated.**
- Engineering measures** : No special ventilation requirements.
- Hygiene measures** : Ensure that eyewash stations and safety showers are close to the workstation location.
- Personal protection**
- Eyes** : No special protection is required.
- Hands** : No special protection is required.
- Respiratory** : A respirator is not needed under normal and intended conditions of product use.
- Skin** : No special protective clothing is required.

9 . Physical and chemical properties

- Physical state** : Liquid.
- Colour** : Colourless.
- Odour** : Fragrance-like.
- Melting point** : Not available.
- Vapour pressure** : Not available.
- Specific gravity** : 1.01 to 1.02
- Flash point** : Product does not support combustion.
- Vapour density** : Not available.
- pH** : 5 to 6 [Conc. (% w/w): 100%]
- Solubility** : Easily soluble in cold water, hot water.

10 . Stability and reactivity

Stability	: The product is stable under normal ambient conditions of temperature and pressure.
Conditions to Avoid	: None identified.
Materials to avoid	: None identified.
Hazardous Decomposition Products	: Decomposition products may include the following materials: carbon oxides (CO, CO ₂).
Hazardous Reactions	: No hazardous reactions expected.

11 . Toxicological information

Potential acute health effects

Inhalation	: No known significant effects or critical hazards.
Ingestion	: Exposure can cause nausea, headache and vomiting.
Skin Contact	: No known significant effects or critical hazards.
Eye contact	: Slightly irritating to the eyes.

Potential chronic health effects

Carcinogenicity	: No known significant effects or critical hazards.
Mutagenicity	: No known significant effects or critical hazards.
Reproductive toxicity	: No known significant effects or critical hazards.

12 . Ecological information

Ecotoxicity data	: Not available.
Persistence/degradability	: Not available.
Mobility	: Not available.
Other adverse effects	: No known significant effects or critical hazards.

13 . Disposal considerations

Methods of disposal	: Do not reuse product containers. The generation of waste should be avoided or minimised wherever possible. Avoid dispersal of spilt material and runoff and contact with soil, waterways, drains and sewers. Disposal of this product, solutions and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements.
