

Foam hand wash

ENDURE 120

Non medicated high frequency foam hand wash

Hand hygiene is an integral part of any infection control program and should be accessible in all areas for all health care workers, patients and visitors.

When not dealing with a known infection the use of non medicated skin washes is encouraged.

Endure 120 is an mild foaming formulation that is suitable for high frequency hand washing and patient bathing applications.

Endure 120 is packaged specifically for use in the Ecolab foaming dispenser.

ENDURE 120

Non Medicated High Frequency Foam Hand Wash

DESCRIPTION

Endure 120 provides gentle cleansing for frequently washed skin. **Endure 120** is a mild foaming formulation that is gentle enough for high frequency, repeated use and for sensitive skin. **Endure 120** is latex and soap free.

PRESENTATION

Attractive Appearance, Pleasant Fragrance

White, pearlescent appearance and light, fresh fragrance makes **Endure 120** an excellent choice for patient rooms and hand washing stations.

Specially Formulated for frequently washed hands

Endure 120 is designed specifically for use as a between patient hand wash. It is low on fragrance, to minimise irritation. **Endure 120** is pH 5.5 balanced and contains aloe vera and emollients to protect skin from drying, chapping, redness and other irritation.

Foam delivery

Endure 120 is delivered as 0.6mL of aerated foam. In addition to minimising usage, the potential for skin damage is reduced.

Foam dispensing

Endure 120 is available in a 750mL pod for use in conjunction with the Ecolab foaming dispenser. The attractive and functional dispenser complements any hand washing location.

DIRECTIONS FOR USE

1. Wet skin with warm water.
2. Apply **Endure 120** and lather.
3. Rinse skin with warm water.
4. Dry hands on clean paper towels or with a mechanical dryer.
5. Moisturise as necessary.
