

Composition	Eucalyptus Oil 10% in an aqueous surfactant base. Contains ethanol 38% v/v.
Actions	Eucalyptus oil is pleasantly scented oil possessing odour-masking properties. Eucalyptus Soap is a cleansing and deodorising soap solution. It is slightly alcoholic enabling removal of many water insoluble compounds.
Indications	For cleansing bedpans and colostomy bags.
Contraindications	Not to be used as soap for the skin. Do not mix with other chemicals.
Precautions	If skin irritation occurs, avoid further skin contact, or wear protective gloves.
Directions for Use	Dilute 1 part Eucalyptus Soap with 80 parts of water before use (1-80).
First Aid	For advice, contact a Poisons Information Centre (Phone Australia 13 11 26) or a doctor at once. Urgent hospital treatment is likely to be needed. If swallowed, do NOT induce vomiting.
Storage	Store below 25°C.
Poison Schedule	Not scheduled.
