

Essentials for everyday care

1 March 2010

Ref: 13290

Dear Customer/Supplier

PERRIGO COMPANY ACQUIRES ORION LABORATORIES PTY LTD

There is a constant demand for increasing resources to ensure companies like ORION continue to produce quality products and conduct successful research and development.

To this end the Perrigo Company of Allegan, Michigan, USA has signed a definitive purchase agreement to acquire the shareholding in ORION following an announcement to the NASDAQ exchange overnight.

Perrigo Company is a global pharmaceutical company specialising in the consumer and over the counter (OTC) range of products and is one of the largest generic suppliers of pharmaceuticals in the world.

They have manufacturing plants in many countries and plan to increase the output of products from our Balcatta facility in Western Australia to service the increasing demands from the local and the Australasian regions.

We have already had prior acceptance of this change in company ownership from key government agencies both Federal and State, tender holders, alliance and royalty partners to ensure there is continuity of supply of our product range to the hospital, consumer, contract and export markets.

ORION continues as an independent company, therefore no changes are required by you. Your Representative, contact details, staff member or method of doing business with ORION all continues unchanged.

Please contact your ORION Representative, or myself, if you have any concerns about this information.

ORION's commitment to quality and service continues.

Thank you for your continued support.

A handwritten signature in black ink, appearing to read 'R Kimpton'.
